WEEKEND SEMINAR

Estonia • Finland • Latvia • Lithuania

Tallinn 06 - 08 February 2015

What attracted Peter & Debbie to the business was not only the income potential but the freedom aspect of being able to duplicate oneself and live off ongoing income. Peter was a Marketing Manager and Debbie was a Sales Executive. They were spending more than they earned when they were first introduced to the business in 1988. Both Peter & Debbie were also totally committed to their sporting endeavors, playing top level football and hockey as well as leading a very active social life.

They started to build the business and in 1992 they reached Diamond level. Since then, the business has provided an income potential greater than they ever envisaged. It has allowed them to be full-time parents to their two sons Dane and Jarrod, as well as given them time to pursue other passions. Today their business exists in twenty-six different countries. Even at the Founders Crown Ambassador level, Peter & Debbie are still focused on moving on and setting new goals. For Peter & Debbie Cox it is always about "The Big Picture" and not where they are now, but where they are going and who wants to be part of the next journey.
